READ—

Government Order No. G. 12264-76—San. 61-20-15, dated the 23rd December 1920, directing that in future the cost of vaccine lymph supplied to District Boards and Municipalities in the State as well as the Kolar Gold Fields Sanitary Board be borne by the respective local bodies.

2. Letter No. 457, dated the 10th November 1923, from the Director of the Public Health Institute, stating that several bills submitted to the Presidents of District Boards for the supply of lymph to Vaccinators and Sub-Assistant Surgeons in their respective districts have not been adjusted and that the President of the District Board, Bangalore District, objects to pay for vaccine supplied to the Sub-Assistant Surgeons for vaccination done in the district and requesting to be informed as to whom the bills for the supply of lymph supplied to Sub-Assistant Surgeons are to be sent and whether lymph is to be supplied free of cost to all the Government Institutions such as Jails, Hospitals, etc.

ORDER NO. L. 5127-90—SAN. 29-23-2, DATED 7—10TH JANUARY 1924.

The cost of the vaccine lymph supplied to the local bodies has already been ordered in the Government Order dated the 23rd December 1920, read above to be met out of the funds of the local body to which the lymph was supplied. The lymph supplied to Sub-Assistant Surgeons and other Medical Officers in independent charge of Medical Institutions is used for vaccinating the children and others of the towns where the dispensaries are situated as also of the surrounding villages. The arrangement of supplying lymph to Sub-Assistant Surgeons is meant to supplement the work of Vaccinators and as such Municipal Councils and District Boards cannot reasonably refuse to pay for the lymph supplied to the Medical Officers. Government are accordingly pleased to direct that the cost of the vaccine lymph supplied to the District Boards and Municipal Councils and to the Officers in charge of the Medical Institutions should be borne by the local bodies, *i.e.*, by the Municipal Council, if there is one at the place, and by the District or Taluk Boards in all other cases.

2. The contention of the President, District Board, Bangalore District, that the cost of the vaccine lymph supplied to Sub-Assistant Surgeons is not a legitimate charge upon the funds of the District Board is untenable. The Comptroller to Government is accordingly requested to take, in consultation with the Director of the Public Health Institute and the Presidents of the local bodies concerned, immediate steps to adjust the outstandings on this account from the funds of the several local bodies in question and report the result for the information of Government at an early date.

3. The cost of the vaccine lymph supplied to State Hospitals, Jails and other Departments of Government, is a legitimate charge on the budgets of the Departments in question and the same should be recovered from the respective Departments, necessary provision being made for the purpose in the respective budgets.

4. As regards the officers to whom bills have to be sent for adjustment, the Director of the Public Health Institute is requested to forward in future bills for vaccine lymph supplied for use in Municipal areas and to dispensaries located in the

Municipalities to the Presidents of the Municipal Councils concerned and those relating to the supply of lymph to the District and Taluk Boards and to the dispensaries located in non-municipal areas to the Presidents of the District Boards. In cases where the municipal Councils do not employ separate Vaccinators, the cost of the vaccine supplied should be distributed between the District Boards and Municipal Councils in the proportion of two-thirds and one-third. The bills for the supply of lymph to State Hospitals, Jails and other Government Institutions, if any should be sent to the Head of the Institution concerned. All the officers concerned are requested to arrange for the prompt adjustment of bills forwarded by the Director or the Superintendent of the Government Vaccine Institute.

B. NAGAPPA,
Secretary to Government,
Local and Legislative Departments.
